ROCKET SPORTS + ACTIVITIES

Track Team

Calling all track athletes, it's that time of year of again! Track season is up and running at Robein again this season. The first Open Gym is Monday, February 4. Open Gyms are highly recommended but not mandatory. The first mandatory practice for all non-volleyball players will be February 25. That is when track season will officially kick off. All those interested, having questions, or looking for a calendar of Open Gyms should see Mr. Suchocki in the very near future. The calendars are also usually posted on the school's athletics page.

Track is a great sport that can appeal and be beneficial to students in a number of ways. It can be a wonderful way to stay or get in shape, allows those that are competitive to race against the best in the area, it allows one to qualify for the State tournament individually, is an awesome way to improve your fitness and skills for other sports, and also a great way to make friends. Staying involved in track can also be a great incentive to keep one's grades up. If you have a positive attitude and are willing to try your best, then give track a try this year. The season runs from February to early May. Hope to see you out this year.
