

Special Education Department

At Robein School District 85, we are proud to support students with special needs from ages 3 through 8th grade. Our dedicated team includes a K–4 special education teacher, a 5–8 special education teacher, instructional aides, a school social worker, and a speech-language pathologist. In addition, we provide access to occupational therapy, physical therapy, and school psychology services, along with other specialized supports to meet each student's needs.

We are committed to fostering a supportive and inclusive learning environment where every student is valued and encouraged to thrive.

Our Goals

The mission of the Special Education Department aligns with the broader goals of our school district. We strive to:

- Help all students reach their highest potential
- Use assessment data to tailor instruction and deliver evidence-based interventions
- Identify individual student needs to prioritize effective teaching and learning strategies

At Robein District 85, we believe in the ability of every student to succeed, and we are here to support that journey every step of the way.
